

# BY HIS STRIPES

NANCY SWATSELL AND ROBERT WEBER

## ***Verse 1***

By His stripes we're healed, By His blood we're cleansed  
By His dying we'll live again, With His love He'll lead us home  
Oh, the pain He bore for us, How He suffered on the cross  
Just so we could have a hope to live eternally with Him

## ***Verse 2***

By His stripes we're healed, by His side we'll walk  
At His feet we'll kneel and pray  
And praise His name forevermore  
Oh, the peace will be within us, Oh, how happy we shall be  
In the presence of our Savior; Oh, what joy forevermore

## ***Verse 3***

By His stripes we're healed, with His hands we're blessed  
With His grace we'll soon be home  
And walk the streets as pure as gold  
Oh, how great all this will be, oh, the beauty we will see  
Dwelling with our dear Lord Jesus  
Singing His praise before His throne

## ***Verse 4***

By His stripes we're healed, by His pardon saved  
With His tenderness He loves us, with His mercy we're set free  
Can't you hear our Master calling?  
Can't you see Him on His way?  
Waiting just to take His children home  
Yes to take his children home
